

TECHNOLOGY IN THE NEW DEFENCE POLICY

STEPHANIE CARVIN

NORMAN PATERSON SCHOOL OF INTERNATIONAL AFFAIRS

NOVEMBER 28, 2018

PRESENTATION

CANADIAN SPECIFIC
CHALLENGES

APPROACH TO
TECHNOLOGY IN THE SSE

IMPLICATIONS

TECHNOLOGY

- *Technology*: machinery and equipment developed from the application of scientific knowledge
- “New technology”: technology that has manifested in a way that it may be procured, but the full impact of it on actors, society and other technologies is still uncertain.

APPROACHES TO TECHNOLOGY IN SSE

Personnel and skills

**Procuring existing
technology**

**Procuring new
technologies**

Cyber
Space
Remotely Piloted Systems

**\$1.6 billion over 20
years on R&D**

IMPLICATIONS

- No statement on integrating technology into CAF
- What are we trying to do?
- 1990s throwback
- “System of systems” approach
- Ethical issues
