### Membership

The Canadian Military Engineers include all Regular and Reserve Force personnel of the Military Engineering Branch of the Canadian Forces across a wide range of military occupations and classifications. Military engineers provide combat engineer, airfield engineer, infrastructure, geomatics, firefighting and aircraft crash rescue, and environmental services to the Canadian Forces. The much broader CME Family also includes former members, civilians serving within the military engineering community and members of Military Engineer Cadet Corps and their Cadet Instructor List officers.

The Canadian Military Engineers Association (CMEA) was activated in November 2000 to preserve the history of Canada's military engineering practitioners, to honour their customs, traditions and heritage, and to commemorate their achievements and sacrifice. The CMEA implements a series of programs, services and activities at local and national levels.

This site provides everything you need to learn about and participate as a member of this dynamic association. Please take a look at the page 'Membership Has Its Privileges' to learn how you can benefit from becoming a member.

Should you have any questions or related issues concerning membership, please contact the **CMEA Registrar**.

### Membership

The Canadian Military Engineers include all Regular and Reserve members of the Engineering Branch of the Canadian Forces across all ranks and classifications. Military engineers provide combat engineering, geomatics, firefighting and aircraft crash rescue services. The much broader CME Family also includes former military engineers, the engineering community and members of Militia and Reserve List officers.

The Canadian Military Engineers Association (CMEA) was founded in 1945 to preserve the history of Canada's military engineering practice, to promote its heritage, and to commemorate their achievements. The Association provides programs, services and activities at local and national levels.

This site provides everything you need to learn about and participate as a member of this dynamic association. Please take a look at the page 'Membership Has Its Privileges' to learn how you can benefit from becoming a member.

Should you have any questions or related issues concerning membership, please contact the **CMEA Registrar**.

## New Member Application Form

### Joining Options

You can join the CMEA online or offline as follows:

- **Offline:** You will need to download and complete the form at the very bottom of this page and mail it with a cheque or confirm you have set up a pay allotment (see below).
- **Online:** When you complete the form below, you will be offered the option to pay your first year's dues using your credit card through a secure payment portal.

**Questions?** Should you have any questions or related issues concerning membership, please contact the **CMEA Registrar**.

### Pay Allotments

If you are a serving member, you can set up a monthly payment of \$2.01 through your pay office. The pay allotment code is Y012. Arrange for the pay allotment and then download the form and mail it to the Registrar using the address on the form. (Please note, Treasury Board will not allow pay allotments for \$2.00 or less - hence the figure \$2.01). Once you have set-up your pay allotment, download and complete the application form at the very bottom of the page and mail it to the address at the bottom of that form. Your membership will become effective on the first day of the month in which your pay allotment took effect.

## CMEA Dues Payments

Maintaining your CMEA membership helps to perpetuate and foster the traditions, the wellbeing and the *esprit de corps* of the entire CME Family, while keeping you up to date with the people and activities of the Canadian Military Engineers. The CMEA is the Voice of the Engineers; it honours our traditions and heritage, and is here to assist Engineers and their families in times of need.

If you have any questions about maintaining or renewing your membership application, please address them to the **CMEA Registrar**.

Existing members can also pay their dues online. Please login into the site before renewing your dues.

Please do not use a **NAME@forces.gc.ca** email address. DND security measures do not allow PayPal payments to complete properly on our system. Please follow the instructions for **Updating Your Profile** to change your email to a non-government address, logout and then login again before making your online payment. Only in this way will our database credit your payment against your current dues owing.

Please be assured the CMEA guards your personal information from malicious attack. No information other than your name, email address and membership status is kept on our website. Your SN number is stored separately to facilitate matching pay allotment payments to your membership. It is not published or stored on the website. You only need to provide your SN if you choose to pay using the pay assignment option.

### Dues Payments

Please log in using your email address and password to pay any outstanding invoices online.

## Editing Your Personal Profile

The CMEA website has a new personal profile page for you to provide personal profile details as well access to your membership number and payment status. One of the features of this feature is allowing users to change basic information about themselves (e.g. rank, unit address etc.) as this information is important to identify with which Chapter a member is affiliated. In an effort to know our membership better, we have added several fields to the profile form allowing you to identify your trade, your Chapter, your interests and any memberships you may have in other groups. You can even post a photo of yourself.

Click [here](#) for instructions on how to edit your profile.

### Questions

The **CMEA Registrar** can answer all your questions and concerns. You can also use the **webform** to contact the Registrar. on the Whether it is when your membership is due for renewal, changing your email address, how to access various features, he can be contacted at any time.

### Available Files

 Downloadable instructions	389.16 KB
